

ALEX. R. CHISOLM GETS SIX YEARS
Prisoner Announced That He Was Not Crazy, and That Sentence Was Just.

PETITION FOR A PARDON
Brother of Prisoner Asks Jurors to Sign Petition—Chisolm Goes to Prison To-Day.

BIRMINGHAM, ALA., May 7.—After having been out since 6 o'clock last evening, the jury in the case of Alexander R. Chisolm, former paying teller, charged with having embezzled \$100,000 from the First National Bank of Birmingham, which sum, it is alleged, he lost in cotton speculation, brought in a verdict of guilty shortly after 10 o'clock to-day, and fixed the punishment at six years in the Federal penitentiary at Atlanta.

When asked if he had anything to say as to why sentence should not be pronounced, Chisolm arose and said that he regarded the verdict as a just one; that he was not crazy, and never has been insane, but that he regretted the affair very much. Sentence was then pronounced. Judge Hundley said that in view of the youth of the prisoner he did not feel justified in giving him the maximum sentence—ten years—but in view of the enormity of the crime and the vigor of the defense he would not be justified in giving him the minimum penalty—five years. He, therefore, made the sentence six years. As the prisoner arose and made his brief statement, closing with a plea for mercy, his sister, who had come to see him, while his sisters covered their faces with their handkerchiefs. His mother, with remarkable fortitude, controlled her feelings.

Before the jury left the box Teyward Chisolm, a younger brother of the prisoner, asked the twelve men to sign a petition for the pardon of the man they had just pronounced guilty. It is understood that a number of jurors signed the petition. It is stated that Teyward Chisolm, father of the prisoner, this morning privately requested Judge Hundley to have the sentence imposed become effective to-day. This request the court is said to have granted, and young Chisolm will be taken to Atlanta to-morrow morning.

INVESTIGATION NEARING CLOSE

(Continued from First Page.)

tribute to his predecessors as chairman of the committee, and his associates on the present committee, and avowed his own endeavor to discharge his duty faithfully and honestly.

Mr. Wood stated that Fire Commissioner Frischkorn had said that the department could make out with less than the asked in its estimate, and had asked for additional engine and other equipment, which the committee had embodied in the budget. The City Engineer had admitted that the department could not possibly do within the year all the work for which appropriations were asked in the budget.

Examined by Mr. Cannon, Mr. Wood stated that the committee had detailed the procedure of the committee in making up the budget, and that it was according to the usual custom for many years.

Mr. Mann, of the special committee, asked Mr. Wood what his construction of the charter was relative to the making up of the budget. Mr. Wood answered that he was, probably, like a woman, who, according to the proverb, convinced against her will, is the same as a virgin still. He thought the charter gave the right to the Finance Committee to recommend an appropriation ordinance.

Mayor Examines Him.

Mr. Cannon questioned Mr. Wood as to whether or not the Auditor, as required by the charter, should not have forwarded his estimate of the needs of the departments and of the prospective revenues to the Council, the point being that if the charter was violated it was not violated by the committee. He inquired as to the charge that the committee, as alleged by the Mayor, had secured possession of the estimates of the Auditor and the various departments "surreptitiously or by the grape-vine route." Mr. Wood was not certain that he knew what was meant by "the grape-vine route." He was sure, however, that the committee had secured the estimates in a proper way.

Mr. Davis asked Mr. Wood if, since the Mayor's construction of the charter, he (Mr. Wood) would proceed in the same manner next year. Mr. Wood replied that he expected to proceed in the same way.

The Mayor then examined Mr. Wood, questioning him in detail as to every step in making up the budget. He asked first as to the number and aggregate sum carried by appropriation ordinances referred to the Finance Committee by the Council, bringing out the fact that the total of these was small compared to the aggregate appropriation carried by the budget. Mr. Wood also stated that it was not essential to include in the appropriation ordinance the amounts necessary for interest and redemption, but that these figures were incorporated for the information of the Council. The Mayor also elicited the fact that the budget was tentatively drawn by Mr. Wood, Mr. Pollard and Mr. Babin, and that it was approved in almost the form reported by them in the full committee. He then brought out the fact that the subcommittee omitted from the budget about half the amount asked by all the departments, making no mention in their report of the omission. Other questions elicited the information that the Auditor himself brought his annual estimate to the Finance Committee and not to the Council. Mr. Wood admitted, in answer to

Yes, and one of the important things is Dress.

If you want a big assortment — come here.

A looker's as welcome as a purchaser. Fact!

a question, that the Finance Committee had no authority to originate any legislation.

Charter as Guide.

Every phase of the process of making up the budget was gone into in detail and explained, and finally the Mayor questioned Mr. Wood as to the superiority of the charter as authority and guide as compared with a resolution of the Council.

He also mentioned Mr. Wood as to his familiarity with the charter, and brought out the admission that the witness was not familiar with the changes made in the charter by the new Constitution and the statutes in pursuance thereof.

Mr. Cannon on re-examination questioned witness as to certain resolutions referred to the Finance Committee, and also asked him as to the manner in which the estimates of the departments reached the committee.

Mr. Cannon, by questions, established the fact that the Finance Committee had merely done what every other Finance Committee had done for about thirty-five years.

At the conclusion of Mr. Wood's testimony, Mr. Cannon, for the committee, announced that they would rest the case.

Mayor McCarthy made a similar announcement.

The committee decided that it would consider and dispose of this phase of the inquiry at this time. It was arranged that the Mayor should open the argument in five minutes. Mr. Cannon to rejoin in ten minutes. The Mayor to close in five minutes.

The Mayor in his opening statement declared that when he charged the committee with violating the charter he had intended no reflection upon the character of the members of the committee and nothing personal at all, but in his judicial capacity had called attention to what he regarded as a grave error in the method of making up the budget. He contended that the Council was entitled to and should have the information which the Finance Committee alone received, and it was to emphasize this that he had directed attention to the matter. As he stated the case, the violation of the charter was merely a technical one, though its results were of serious importance to the city.

Mr. Cannon asserted with emphasis that the Mayor had not pointed to one line of the charter which the committee had violated. There was nothing in the charter which forbade the committee to make up and recommend an appropriation ordinance, and he had done nothing which the charter said it should not do, but had merely stepped into the breach when the Auditor and the Council failed to do what the charter provided for.

Mr. Cannon then asked the Mayor to open an ordinance required, and reported government going. He asked how the Finance Committee could do otherwise than base its estimate of revenues upon what \$1.40 on the \$100 will produce when it has no power to change the rate or increase it.

The Council may fix the tax rate, but even that body is not required to change it every year. All the Finance Committee could do was to appropriate the amount derived from the existing tax, in the most equitable manner possible, in its judgment, and it had done this. The end of the fiscal year was at hand and the Finance Committee had to meet the expenses of government. He denied that there had been any "monkeying" with the estimates, or any juggling of the figures, as alleged. The committee had followed the precedent of thirty-five years and adopted the most speedy and effective method of bringing before the Council the needs of the city government.

The deficiency or exigency was not caused by the committee, but by the failure of the Auditor and the Council to do what the charter provided.

Mayor's Closing.

The Mayor in his brief closing asserted that the estimate of the Auditor did not go to the Council at all, but to the Finance Committee. This was denied by several, but it was conceded that the estimate did not go to the Council until after it was reported. The Mayor stated that he had asked the Finance Committee and the Council to provide the charter in the matter of providing the sinking fund, and declared that after two years' work he had succeeded in forcing this matter upon the attention of the Council. Since then the sinking fund had increased from about \$500 to hundreds of thousands.

At the conclusion of the argument the committee rose without further action, subject to the call of the chairman. At the next hearing it will take up the matter of the burning of certain erroneously printed city bonds and the recent sale of certain bonds below the price bid by the Sinking Fund Commissioners.

BRIDE OF TWO DAYS

READING, PA., May 7.—Mrs. Joseph McKentley, of Spring Valley, a bride of two days, committed suicide last night by inhaling a gas from a gasolene lamp. She was married to McKentley Saturday. Her friends say she was melancholy ever since the wedding. She was forty-eight years old.

ALL NEWS FROM HENRICO COUNTY

Supervisors to Investigate Apparently Intermittent Tangle of Treasurership Affairs.

LIVELY SESSION YESTERDAY

Prisoner Makes Dash for Liberty and Causes Excitement on Crowded Street.

At the meeting of the Board of Supervisors of Henrico county yesterday morning members of the firm of J. B. Boudar & Son, together with former Treasurer H. C. Hechler and his attorney, Mr. J. St. John Collier, appeared in regard to the settlement of the affairs of the former treasurer.

The County School Board at its last meeting raised the question as to the payment of interest on county funds by bank of deposit, and appointed Mr. C. W. Frazier to the committee with a committee from the Board of Supervisors in looking into the matter. Mr. H. B. Boudar made a statement before the board yesterday as to the controversy, and after some discussion, the chairman of the board, Mr. W. C. Saunders, was named to act as a committee, with instructions to report to a called meeting of the board next week. The questions to be solved by this committee, as presented by Mr. Thomas Boudar, are as follows: "Date of last payment to H. C. Hechler of interest on the credit of this account, or held to H. C. Hechler, and which does not show in said account, and dates of each payment from State Bank of Virginia National American Bank."

From the statement of the accountants and the attorney for Mr. Hechler, it seems that the former treasurer has not yet settled up in full with the present treasurer, the accountants not having determined as yet on the exact amount due after deducting commissions, fees, etc. When Mr. Frazier took office Mr. Hechler turned over to him \$43,000, representing the bulk of the county funds, and he has been holding the odd figures, on which the accountants have not yet finished their work.

Mr. Boudar stated to the board that he feared that the former treasurer had interest on funds belonging to Henrico county after he had been deposed, and that the banks of deposit had refused to inform him of the interest payments, and the dates covered by same.

Mr. Boudar said further that if the banks refused to give this statement in answer to the demand of the board, steps could be taken to have the bank officers with their books brought into court.

Mr. Collier, counsel for Mr. Hechler, declared yesterday evening that the accountants were not to be trusted, and new to him, and would require some study of conditions. He understood that it was the practice all over Virginia for the treasurer to give to the present treasurer, the accountants, a percentage of the funds, this being generally considered one of the perquisites of the office. Henrico county was paying from fifty to eighty thousand dollars on deposit, and the return from this source is considerable. As both Mr. Hechler and Mr. Frazier, as present and the former treasurers, are candidates for re-election, the work of the investigating committee will be watched with interest.

Made Dash for Liberty.

Jailer Green, of Henrico, had a strenuous day. Twenty-six prisoners, mostly colored, were turned over to him by the City Sergeant, and he was obliged to take in the new jail, the transfer being made without difficulty or delay.

Just after he had been accomplished the magistrates of the county assembled their courts, and several of the prisoners were taken into custody. Otto F. Wiedeman, a colored man, was taken into custody and fined \$27.50 by Magistrate Lewis on charges of trespass, carrying concealed weapons and resisting arrest. As the jailer was escorting Wiedeman to his cell to begin his sentence, he broke away and started down Main Street, making a dash for his liberty, which was regained by Sheriff Ashby Frazier and a party of county officers. Wiedeman was filed with vehicles and people at the time. Jailer Green was unwilling to use firearms in recapturing the man.

Wiedeman was brought in and securely locked up to think over the chances of a charge of attempted jail break for his liberty, which was regained by Sheriff Ashby Frazier and a party of county officers. Wiedeman was filed with vehicles and people at the time. Jailer Green was unwilling to use firearms in recapturing the man.

Threw Stones at Train.

George Speaks, colored, who was arrested near Providence Forge on Sunday on a charge of throwing stones at a train, was before Magistrate Angle yesterday. His case was continued in order that a commission may inquire into his sanity.

Made Investigation.

Sheriff Simon Solomon and Attorney Wendell made a careful examination on Monday of the house of the negro, Woodson, which was destroyed by fire on Sunday. The house, which was a two-story frame structure of the better sort, was found to be completely wrecked. No arrest has been made in the case as yet.

NOBODY SPARED.

Kidney Troubles Attack Richmond Men and Women, Old and Young.

Kidney ills seize young and old. Come quickly with little warning. Children suffer in their early years—Can't control the kidney secretions. Girls are sick, nervous, suffer pain. Women have lumps and aching backs. The cure for man, woman or child. Is to cure the cause—the kidneys. Doan's Kidney Pills cure sick kidneys.

Cure all forms of kidney suffering. Richmond testimony proves it. Martin Franklin, blacksmith, of 211 South Twelfth Street, Richmond, Va., says: "It is a physical impossibility for any one to follow my calling with a back which is lame, weak and aching; in fact, sometimes it is all a mischance to perform an easy hard day's duties with back sound, strong and well; but when that part of your body aches and pains with every move you make, life to you is misery. The opposite of pleasure. Morning after morning, after a long day's work, I have been so stiff and sore I could hardly move. Reasoning that it Doan's Kidney Pills could only be depended upon they might bring long-ago to Owens & Minor's drug store for a box. The results were decidedly satisfactory."

DO YOU GET UP WITH A LAME BACK?

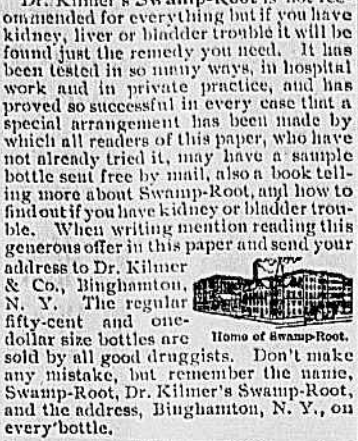

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles of Swamp-Root. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEW "IRISH" BILL IN PARLIAMENT

In a Measure It Confers Home Rule on the People of Ireland.

NOT PLEASING TO ANY PARTY

John E. Redmond Delivered a Brilliant Speech Upon Ireland's Claims for Home Rule.

LONDON, May 7.—The government to-day presented its long awaited Irish bill to the House of Commons and the country. This bill is designed to meet the demands for Irish home rule. It was presented by the chief secretary for Ireland, Mr. Birrell, to a crowded House. Prior to the appearance of this measure it was popularly termed a "revolution bill" but to-day it is referred to as "the Irish Council bill" or even "The Irish bill."

Compared with the home rule bills of 1886 and 1906 the measure of to-day confers little self-government upon Ireland, merely giving to the Council control of the eight departments now managed by government boards. The Council is to be appointed by the crown, and while the Lord Lieutenant of Ireland is still to be the chief executive officer, the crown retains control of five of the eight departments, including the constabulary. The control of this branch has always been a thorn in the flesh of the Irish people.

It is nature of this halfway measure is wholly pleasing to no political party. The Unionists regard it as a step toward home rule. They object to giving to Ireland the management of many departments of local affairs, the Irish members of the House of Commons retain the right to legislate in similar manner for England and Scotland. They criticize also the plan of government by a council through eight committees as complicated and cumbersome. The Radicals are disappointed that the measure falls so short of actual home rule, and the Irish members are even more disappointed with it. The Irish leaders, however, are maintaining a diplomatic attitude, until they have time to study the provisions of the bill and learn the sentiment of the people.

A nationalist convention will be held in Dublin soon to decide upon the policy of the Irish party. The Laborists will support the measure because they are in favor of home rule.

After the bill had been presented and explained by Mr. Birrell, it was criticized and ridiculed by A. J. Balfour, on behalf of the opposition. John E. Redmond then delivered a brilliant speech, noteworthy principally for its dignified and forceful exposition of Ireland's claims for complete home rule.

The argument of the speaker was worthy of the historical and parliamentary occasion. The entire ministry came from the front and spoke in one voice. Balfour launched in his characteristic jaundiced attitude opposite, with George Wyndham, the former chief secretary for Ireland, beside him.

The floor of the House was packed, and the galleries held a notable assembly of visiting colonial premiers, notably Alfred Deakin, of Australia, and several British and American senators. The Irish party were conspicuous in the galleries.

TWO KILLED.

Freight and Work-Train Engine Crash Together.

BIRMINGHAM, ALA., May 7.—In a collision early to-day between an extra freight train and the engine of a work train on the Seaboard Air Line near Piedmont, Ala., two men were killed and nine injured.

The dead: FRANKLIN BIRCH, of Birmingham; and MIK YONG, a negro.

The injured: Fireman J. S. Stanley, Birmingham; Engineer Peak, of Anniston; Conductor Seymour, Birmingham; Foreman J. M. Woods, Birmingham; and two laborers. The cause of the accident has not yet been learned.

COLLISION ON M. & O.

Many Injured, but Not One Killed.

ST. LOUIS, MO., May 7.—A fast passenger train on the Mobile and Ohio Road bound for Florida, collided with a freight train at Percy, Ill., late last night. A number of persons were injured, but none seriously. The freight train was standing on the track and the passenger train rounded a curve at full speed and dashed into the freight. The engines were demolished. The first passenger coach was broken in two, and a dozen freight cars were wrecked. The escape of passengers from death is considered remarkable. Beyond bruises, they escaped injury.

FINAL EXERCISES TO BE HELD TO-DAY

Session at Union Theological Seminary Will Come to End This Morning.

TRUSTEES HOLD MEETING

List Showing Where Students Will Go for Work During Summer.

The final exercises at Union Theological Seminary will take place this morning at 11 o'clock in the chapel of the seminary, and will be open to the public. Rev. Alfred P. Graham, D. D., of Davidson, N. C., will deliver the address to the graduating class, and diploma will be awarded to fifteen members of the senior class, who leave with the degree of bachelor of divinity.

The board of visitors of the seminary met yesterday morning, and continued in session throughout the day, reviewing the work of the past year, and studying the financial condition of the institution. Although nearly twenty thousand dollars have been added to the general endowment fund during the past year, it is still insufficient for the needs of the institution, and one or more additional buildings are greatly desired for the full equipment of the work. The financial condition of the seminary is prosperous, and compares most favorably with any previous year in its history.

Sixty students were matriculated during the past year, an increase over the previous year. The health of the student body has been uniformly good, and the work done has been without interruption and of a high order.

Where They Will Go.

The following is a list of students who will engage in ministerial and mission work during the summer vacation at the points indicated:

Why Don't You Ask For What You Want

As long as you buy cigars in the old indifferent guess-work way of taking whatever is handed out to you—just so long will you pay for frequent disappointments.

Why don't you ask for what you want? Don't guess which is the best cigar—and don't let anyone guess for you.

You can be sure. The better kinds of cigars are all distinguishable by the "Triangle A" mark of merit on the box.

"Triangle A" brands are unmistakably superior in all smoking qualities—in aromatic fragrance, smooth, uniform blend and absolute cleanliness—to cigars made the old way and "Triangle A" brands are the only cigars made the new way.

There are many "Triangle A" brands of many different names, different blends, different shapes and different prices to suit different tastes. The "Triangle A" is a guarantee that covers them all—it distinguishes the superior product of our new scientific manufacturing methods.

No better proof of our claims could be offered than is found in the wonderfully improved quality of

The New CREMO

which represents the best quality that can be produced and sold for five cents—it proves every claim we make for cigars sold under the "Triangle A."

Every box is extra-wrapped in glassine paper, sealed to maintain perfect smoking condition and cleanliness until the box is opened.

FOUR MEN KILLED IN RAILWAY WRECK

WHEELING, W. VA., May 7.—In a dense fog early to-day the New York-Chicago Express, No. 7, on the Baltimore and Ohio Railroad, crashed into an east-bound freight as it was taking a siding at Jackson, Md., twenty miles east of here, killing four men, seriously injuring three others and slightly injuring five passengers. The engines, baggage, mail and express cars were demolished, but the passenger coaches and the sleepers were uninjured. The cause is said to be the fog, which prevented the engineer of the passenger train from seeing a flagman that protected the freight.

The dead are: C. A. WARNER, Belknap, O., baggage-master.
W. T. THOMAS, Wheeling, W. Va., fireman.
A. L. PAINTER, Burton, W. Va., express messenger.
CHARLES CHRISTY, fireman.

The injured passengers are: Miss Sarah H. Simmons, New Jersey.
Miss Mollie Hill, New Jersey.
Charles Wendell, Washington, D. C.
G. Gillette, Washington, D. C.
All of the injured will recover.

KUROKI PASSED THROUGH CHICAGO FOR WASHINGTON

CHICAGO, ILL., May 7.—General Kuroki and staff, accompanied by General McArthur, arrived in Chicago to-night and left for Washington over the Pennsylvania Railroad. The train from the North was several hours late and the reception arranged for the Japanese general at the Auditorium Hotel had to be abandoned.

Major General Greeley, commander of the Northern Division of the United States Army, was at the Union Depot, to welcome General Kuroki.
